2. Kansas Statutes & Funding
   Students, faculty, and staff are expected to be familiar with and abide by these regulations. The vehicle operator is responsible for knowing all applicable laws and regulations.

   By the authority vested in the Kansas Board of Regents through the provisions of Kansas Statute 74-3209-74-3216, regulations pertaining to the operation and parking of vehicles are hereby established and set forth.

   The Kansas State Polytechnic parking system is self-supporting in that it receives no funding from the State of Kansas; therefore, parking permit fees and misuse fees will be deposited in the Parking Fee Fund and may be used for payment for the expense of enforcing these rules and regulations and for the construction, acquisition, maintenance and repair of parking facilities at Kansas State Polytechnic.

3. Parking Regulations

   A. Lot/Stall Requirements & Enforcement Hours
      1. During enforced hours, all vehicles (including ones used for administrative purposes or transportation of personnel) must display a permit valid for the lot or stall being used. Valid permits and enforcement hours are as follows.

         | Lot / Stall Type | Permit Required | Enforced Hours |
         |------------------|-----------------|----------------|
         | T                | O, W, E, K, V   | Mon – Fri, 7 AM – 5 PM |

         | M                | SLC             | Mon – Fri, 7 AM – 5 PM |
         | Metered Visitor  | None (2-hour maximum) | None (See 4.E) |
         | Reserved         | Match to Stall No. | Mon – Fri, 6 AM – 6 PM |
         | R                | R, V            | All Times |

      2. Parking is permitted only in designated areas and is prohibited on streets or drives, except where designated by official signs.

      3. Vehicles must be oriented within parking spaces so that they are directed with the flow of traffic when they leave. Vehicles must be parked within painted lines where applicable.

      4. If a vehicle becomes disabled on campus, contact the Parking Office immediately. No vehicle shall be stored in general parking areas, nor shall any trailer, disabled vehicle, or vehicle not displaying a current license plate lawfully issued to such vehicle be stored on University property unless prior authorization is obtained from the Parking Office.

      B. Accessible Parking Spaces & Loading Zones
      1. No person shall stop, stand or park any vehicle in a parking space which is clearly marked as reserved for the use of physically disabled persons or persons responsible for the transportation of physically disabled persons unless such vehicle displays a special license, permanent placard, or temporary placard issued pursuant to K.S.A. 8-161 or K.S.A. 8-125, and amendments thereto, and is operated by or used for the transportation of a physically disabled person.

      2. Physically disabled permit holders may park in metered stalls at no charge and loading zones as long as necessary if physically disabled parking stalls are not available. To facilitate access, they may also back into stalls marked for the physically disabled or park in adjacent yellow, cross hatched access aisles. Parking is not permitted in yellow painted cross hatched areas not adjacent to an accessible stall, or in such a manner as to impede traffic.

      3. No person shall stop, stand, or park any vehicle or bicycle so that it blocks or restricts a ramp accessible to a wheelchair.

      4. Parking in loading zones is limited to one hour. If loading or unloading will require more than one hour, individuals must contact the Parking Office.

      C. Visitor Parking
      1. Visitor parking stalls do not require permits and are only available for individuals visiting campus. Students, employees, and Student Life Center members are not visitors, and may not park—with or without a permit—in visitors. See the Campus Map for locations of these spaces.

      2. Frequent visitors who require parking in excess of one calendar day per week may purchase permits according to 4.A.

      3. Board of Regents members parking identifications will be honored for parking in any general parking area or metered parking stall.

**Student Purchases**

To be eligible for a Polytechnic permit, students must take the majority of their credit hours in Salina.

3. Students must use the K-State Online Parking Portal at www.k-state.edu/parking to order a permit and pick it up in the Parking Office. If the portal is unavailable, order at the Parking Office.

4. Student annual permits are valid from the first day of Fall classes until the first day of the next Fall classes. Other permits expire as indicated on the permit.

5. Students living in the residence halls must purchase only a resident permit and park in the assigned lots. If they move out of the halls, they must exchange their permits for commuting student permits. Students not living in the residence halls may not purchase resident permits.

6. Parking permits become invalid when registrant withdraws from or otherwise terminates association with the University. See 4.D for refund information.

**Faculty & Staff Purchases**

7. To be eligible for a Polytechnic permit, faculty and staff must work the majority of their hours in Salina.

8. Faculty and staff must use the K-State Online Parking Portal at www.k-state.edu/parking to order a permit and pick it up in the Parking Office. If the portal is unavailable, order at the Parking Office.

9. Faculty and staff may purchase permits using payroll deductions. Procedures will be in accordance with Parking Services policy established through cooperation with Payroll Services.

10. New employees may receive a 30-day temporary permit that is valid until their first paycheck.

11. Permits must be returned to the Parking Office when the permit holder retires, resigns, goes on leave without pay, goes on sabbatical leave, or goes on non-pay status. See 4.D for refund information.

**Reserved Parking Permits**

12. Faculty or staff may contact the Parking Office to purchase a Reserved Parking Permit for the exclusive use of a reserved stall during the enforced hours in a lot of their choosing that the permit would normally allow. The exact location of the stall within the parking lot will be determined by the Parking Committee or designee.

13. A reserved stall may be relocated for a fee (see 4.A.1) by written request to the Parking Committee.

**Student Life Center Pass & Membership Purchases**

14. An individual, who is not a student or faculty or staff member, who purchases a pass or membership to the Student Life Center will be issued an SLC parking permit, valid only in lots designated as accepting SLC permits. The price of the parking permit is included in the price of the pass/membership.

**Visitor Purchases**

15. Except in metered spaces and designated visitors parking, all visitor vehicles must display a visible, current permit. Visitors can purchase a temporary permit at the Parking Office.

16. Frequent visitors who require parking in excess of one calendar day per week may purchase a temporary semester or annual permit at student rates or use parking meters.

17. Visitors may not park in no-parking zones, physically disabled stalls (unless displaying a valid accessible parking identification device), loading zones, residence hall lots, and other restricted areas.

B. **Permit Usage & Display**

1. Purchase of a permit, except a reserved permit, does not guarantee a parking space.

2. Movable parking permits should be hung on the inside rearview mirror, and the barcode must be clearly visible from outside the front of the vehicle. In the event there is no mirror, the permit must be placed on the driver’s side of the dash and be clearly visible from outside the vehicle.

3. Motorcycle permit stickers must be placed adjacent to the license plate and must be clearly visible from the rear of the motorcycle.

4. Permits may be purchased only for use by the purchaser and are non-transferable.

5. No parking permit shall be issued to any person having unpaid misuse fees.

C. **Validity on Other K-State Campuses**

1. Kansas State Polytechnic O and R (SC and SR) student parking permits are valid for any O, T, or Z lots on other K-State campuses.

2. Kansas State Polytechnic faculty/staff W (SW) permits are valid for any W, O, T, or Z lots on other K-State campuses.

3. Kansas State Polytechnic R (SR) resident student permits may not park in K-State Manhattan R parking lots, and vice versa.

4. Kansas State Polytechnic SLC permits are not valid on any other campus.

5. Vehicles with Kansas State Polytechnic permits may pay to park in the Parking Garage on Manhattan campus. This would include Motor Pool Vehicles.

6. Manhattan permits may park in any lot or designated visitor parking except Residence Hall lots on the Salina campus.

D. **Refunds, Replacements, & Disallowed Permits**

1. Refunds will be made for unused time on a permit when it is returned to the Parking Office. Refunds will be pro-rated based on the date of the written request. Refunds for less than $20 will not be given.

2. Custody of parking permits is the owner’s responsibility. In the event a permit is lost or stolen, the owner must inform the Parking Office. A replacement permit may be obtained for a fee.

3. Defective permits may be exchanged at no cost.

4. Displaying a forged, stolen (lost), or altered parking permit is prohibited. Such violations will be treated as a theft of services in addition to a parking violation (see 6.B.1). Vehicles and permits involved may be impounded and individuals involved will be reported to the appropriate authorities.

E. **Other Permit Types**

**Permits for the Physically Disabled**

1. Temporary medical permits that allow disabled faculty, staff, or students to use parking spaces designated for the physically disabled may be obtained from the Parking Office upon presentation of a doctor’s certificate.

2. Any physically disabled person requiring long term daily parking should apply to the Parking Office for an individual reserved stall at no charge. It may be used only by the person to whom it is assigned and may not be shared, and a legal accessible parking identification device must be displayed.

3. Physically disabled individuals planning to attend special events on campus should contact the Parking Office regarding special parking.

4. Visitors for athletic events may be assessed a parking fee.

9. If the Parking Committee believes the department is misusing the permit, it can withdraw the permit from use. Permits are valid for up to one academic year.

**Permits for Other Needs**

Parking Citation Appeals Board Procedures

1. About the Committee
   The Parking Citation Appeals Board (PCAB) is established by the Kansas State University Polytechnic Campus bylaws with the mission of reviewing appeals on violations of the Traffic & Parking Regulations. Regulations are recommended by the Council on Parking Operations and approved by the CEO and Dean. PCAB membership must include one student, one University Support Staff member, and one faculty or professional staff member. In the event of a tie or absence of a member, the chair of the Council on Parking Operations will serve as an alternate.

   Associated Regulations
   Section 6 of the Traffic & Parking Regulations governs enforcement, violations, and appeals. It is included in this document, and complete regulations are available on the parking website or through the Parking Office. As stated in 6.A.1 of the Traffic & Parking Regulations, Campus Security may issue tickets for parking violations. The associated fees, found in 6.B.1, are charged to the responsible party, who is defined in 6.A.2 as the permit owner or, if no permit is held, vehicle owner. The citation may be appealed at the Parking Office within 14 days of its issuance, in accordance to 6.C.2, and the appeal is evaluated by the PCAB.

2. Appeals Process
   Appeals are made at the Parking Office or through the K-State Online parking system at www.k-state.edu/parking. The Parking Office emails the appeal and any submitted documentation to the PCAB committee members. The PCAB can also request photos or videos if they were taken at the issuance of the citation.
   The PCAB members review the petition and individually email the Parking Office of their vote to uphold the citation, dismiss the citation, or abstain from a decision. The Parking Office tallies the majority vote and notifies the appellant of the determination.
   If the citation is dismissed, no fee is due. If the citation is upheld, the appellant must pay it within 14 days following the date of the PCAB’s decision. In accordance with 6.B.1, if the citation is not paid, an additional “failure to pay” fee will be assessed and the vehicle may be subject to impoundment.
   Certain citations, as described in 6.C.4 to 6.C.9, cannot be appealed. These include citations older than 14 days, paid tickets, and tickets for expired meters.
   Citations may be appealed only once; all PCAB decisions are final.

3. Appeals Evaluation Criteria
   The PCAB evaluates appeals using the following two questions (also illustrated at the right):
   - Was a Traffic & Parking Regulation violated?
   - If so, were there extenuating circumstances causing the violation?
   The PCAB judges appeals only on those two questions, not on the fairness of the regulation. Feedback regarding the regulations should be directed to the Council on Parking Operations or the Parking Office.
