TECHNOLOGY MANAGEMENT

APPLIED BUSINESS & TECHNOLOGY DEGREE

About this degree option

The technology management degree option is a comprehensive program, taking your marketability to the next level. This degree option connects previous skills with proficiencies in business, such as leadership, communication, accounting, marketing and project management. Bridging your interests with relevant business experience elevates you to stand out from the rest.

Why this degree option?

K-State Polytechnic offers a variety of advantages, including:

- Classes can be taken on-campus or online.
- 8- and 16-week course delivery formats.
- Transfer up to 60 credit hours to get a jump-start on your degree.
- Students can choose any established focus area, outside of business.

Careers

Career options for technology management graduates include, but are not limited to:

- Program/Project Manager
- Database Administrator
- Operations Manager
- Quality Supervisor
- Sales Representative
- Systems Analyst
- Training Specialist

Accreditation

We take our reputation seriously. Accreditation validates the quality of an institution as a whole, offering evaluated measurements of everything from academic offerings, governance, administration, mission, finances and resources. Kansas State University has been continuously accredited by the Higher Learning Commission (HLC) since 1916.

Transfers

At K-State Polytechnic, you can transfer up to 60 qualifying credit hours to help you get your next degree. If you've already earned an associate degree from one of our partner institutions, you may be eligible to apply previously earned credits when enrolling in a related bachelor's degree option. We work with students every day to make the most of transfer credits within K-State Polytechnic programs to help make earning that next degree more achievable. Your hard work matters. We want to help you make the most of it.
