Kansas State University Polytechnic Campus Intramural Sports Team Contract

Team Name: _____

Sport: _____

As captain of an intramural sports team and as a condition of being entered into formal league/playoff competition, I agree that my team will abide by the following (initial each item as you read them):

- _____ 1) I have the necessary number of legal players on my initial roster to consistently fill a team as scheduled.
- _____ 2) The players on my roster will ONLY participate for my team and, if a second team is played for, my team and/or the other team may be penalized. Players may play on a second team if a Co-Rec option is available.
- _____ 3) I understand that any game we do not show up for will be considered a forfeit if the intramural supervisor is not notified by 3 p.m. on the day of the contest.
- _____ 4) I understand that after the second forfeiture of a game without prior communication with the Intramural Supervisor will result in a loss of playoff privilege. I also understand after the third forfeiture, my team will be dropped from the league.
- _____ 5) I am responsible for informing all of my teammates about the playing rules and sport eligibility requirements. It is expected that all members of my team will be aware of these rules and provisions, even in my absence.
- _____ 6) I understand how to properly protest a game over rule application/interpretation and player eligibility. No protests concerning judgment of game officials or intramural supervisors will be reviewed. I also understand that I am able to contact the Student Life Center Coordinator at 785-826-2662 or kchamberlin@ksu.edu to voice compliments/concerns.
- _____ 7) My team, fans, coaches and I acknowledge that Intramural Sports are for the enjoyment and recreational purpose of everyone involved and will treat our opponents with the same respect as we do our own team. The failure to do this may result in expulsion from the game, playoffs, or the entire intramural program for any of my teammates or even my entire team.
- _____ 8) My team, fans, coaches and I acknowledge that the referees are not professionals, but rather fellow students. I/we accept there will be inconsistencies and/or discrepancies in their calls throughout the course of the game, season, and playoffs. Furthermore, I/we accept the Intramural Sports doctrine of "Zero Tolerance" in terms of derogatory, insulting, and inappropriate language and/or behavior towards the program's student officials and supervisors.
- _____ 9) My team, fans, coaches, and I agree to treat the student officials with the same respect we would treat our own teammates and understand that failure to treat the officials respectfully can result in expulsion from the game, playoffs, or the entire intramural program for the offending individual/team. As an extension of this, I/we pledge to intercede and restrain any teammate, fan, or coach who talks negatively to any official.
- _____ 10) **My team and I acknowledge the authority of the on-site student supervisor and accept that this student employee is the formal on-site authority figure when the Student Life Center Coordinator is absent.**
- _____ 11) My team, fans, coaches, and I acknowledge that at NO point during any intramural competition is ANY form of drugs and/or alcohol allowed. Violation of this rule could result in the expulsion from the league as well as other University sanctions. Please refer to Kansas State University Drug and Alcohol Policy (see next page).
- _____ 12) My team and I understand the Intramural Sports playoff system: All teams must be prepared to play play-off games on days and times that are different from their regular season schedule. Any team having two forfeits during the regular season will be excluded from playoffs.
- _____ 13) Any team member receiving two cumulative ejections during the season will be suspended from the contest at the point of the second misconduct. They must complete the Ejected Player Sanctions before they can return to play.
- _____ 14) I will inform my teammates of all the rules mentioned above as well as anything discussed during the captains' meeting. I understand that I am the voice of the team and that it is my responsibility for them to be informed of schedules, schedule changes, rules, and rule changes.
- _____ 15) I have thoroughly read this sheet, and I will convey both the contract and the spirit of what is stated herein to the rest of my team. I/we agree to be held accountable for all provisions.

Captain's Signature: _____ Date: _____

Waiver and Assumption of Risk

All participants engage in Kansas State Polytechnic intramural sports at their own risk. All Intramural sports are potentially dangerous and may cause injuries up to and including death. I understand and agree that neither Kansas State Polytechnic nor any of its offices, agents, volunteers, assistants, or employees shall be held responsible or made the subjects of any claim seeking to assess damages or liability for or arising from personal injury or property damage or loss of any other sort to myself or other persons as a result of actual or proposed participation. I agree to indemnify and hold Kansas State Polytechnic, its officers, agents, volunteers, assistants, or employees harmless on account of any such claim. I do hereby give Kansas State Polytechnic consent to the use of all photographs, films, or videotapes, in whole or in part, for the purposes of illustration, advertising, or publications in any manner. By initialing below, I agree to these terms. I also certify that I am a student and/or affiliated with Kansas State Polytechnic.

Kansas State University Drug and Alcohol Policy

The following Substance Abuse prevention Policy is effective August 27, 1990, and is adopted pursuant to the requirements of the Drug-Free Schools and Communities Act Amendments of 1989 and the Drug-Free Workplace Act of 1988. A copy of the Drug Prevention Policy will be distributed to each student and employee of Kansas State University.

1. Kansas State University prohibits the unlawful possession, use, manufacture, or distribution of alcohol or controlled substances by students and employees on property controlled by the University, or as part of University activities. The University is committed to a program to prevent the illegal use of controlled substances and alcohol by students and employees.
2. Any student or employee of the University found to be using, possessing, manufacturing, or distributing controlled substances or alcohol in violation of the law on University property or at University events will be subject to disciplinary action in accordance with applicable policies of the State of Kansas, the Board of Regents, and Kansas State University. Disciplinary action includes, but is not limited to, expulsion, termination of employment, referral for prosecution and the completion of an appropriate substance abuse rehabilitation program.
3. As a condition of employment, all employees of Kansas State University, including student employees, shall abide by the terms of this policy statement and will notify the Provost of any criminal drug statute conviction for a violation occurring on property controlled by the University, no later than five days after such conviction. Kansas State University will, in turn, notify, as appropriate, the applicable federal agency of the conviction within ten (10) days of its receipt of notification of the conviction. The University will take appropriate disciplinary action within thirty (30) days of notification of the conviction. For purposes of this policy, "conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.
4. The term "controlled substances" as used in this policy means those substances included in Schedules I through V of section 202 of the Controlled Substances Act and as further defined by regulation at 21 CFR 1300.11 through 1300.15. The term does not include the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.
5. Local, state and federal laws provide for a variety of legal sanctions and penalties for the unlawful possession, use or distribution of illicit drugs and alcohol. The Federal Controlled Substances Act provides penalties of up to 15 years' imprisonment and fines up to \$25,000 for unlawful distribution or possession with intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to up to one year of imprisonment and fines up to \$5,000. Any person who unlawfully distributes a controlled substance to a person under twenty-one years of age may be punished by up to twice the term of imprisonment and fine otherwise authorized by law.

Kansas law provides that any person who violates the criminal statutes on controlled substances by possessing, offering for sale, distributing, or manufacturing opiates and narcotics, such as cocaine and heroin, shall be guilty of a Class C felony. For a conviction of a Class C felony, the court may sentence a person to a term of imprisonment of a minimum of three to five years, a maximum of 10 to 20 years, and a fine of up to \$15,000. Unlawful possession of a depressant, stimulant or hallucinogenic drug is punishable as a Class A misdemeanor, with a penalty of up to a year in jail and a fine of \$2,500. Under Kansas law, persons under 21 years of age may be subject to minimum fines of \$100 for possessing, consuming, obtaining, purchasing or attempting to obtain or purchase alcoholic liquor or cereal malt beverages. Persons convicted of driving under the influence of alcohol or drugs are subject to severe fines, imprisonment, and other penalties.

The local ordinances of Salina, Kansas, also include prohibitions relating to illicit drugs and alcohol. Generally, these local ordinances are similar in content to state law.

6. Students and employees of Kansas State University should be aware that the following health risks have been associated with the use of illicit drugs and the abuse of alcohol:

Alcohol: Birth defects, ulcers and gastritis, liver damage, heart disease, cancer, and brain damage.
Anabolic Steroids: Acne, cancer, heart disease, liver disease, sterility, jaundice, and kidney stones.
Cocaine/Stimulants: Increased blood pressure, blurred vision, sleeplessness, anxiety, irregular heartbeat, and death.
Hallucinogens: Increased body temperature, increased heart rate, blood pressure, sleeplessness and tremors.
Marijuana: Irritation of the lungs, emphysema, increased heart rate, short-term memory reduced, and cancer.
Opiates/Narcotics: Decreased heart rate, nausea, cold, moist skin, bluish in color, and slowed breathing.
Sedatives: Slowed body function, drowsiness, convulsions, and coma.

*Students and employees should note that the above listing is not intended as all inclusive.

7. Drug and alcohol counseling, treatment or re-entry programs are available to students and employees on a national, statewide, local and campus basis. Alcohol and drug counseling are available to students at KSU Counseling Services in the Lafene Student Health Center (532-6927). The Alcohol and Other Drug Education Service (532-6927) can provide further information about health problems and treatment related to alcohol and drug use. Employees may seek referral for alcohol and drug problems through the Employee Assistance Program at KSU Employee Relations (532-6277) or through the State of Kansas Lifeline Program, a 24-hour toll-free assistance line (1-800-284-7575). Other sources of assistance include Kansas Recovery (1-800-586-3690), and the National Institute on Drug Abuse hotline (1-800-662-4357).

Kansas State University also presents educational programs on an ongoing basis to inform employees and students of the dangers of substance abuse, and is committed to preventing the illegal use of controlled substances and alcohol by students and employees.

In 1985 K-State implemented an alcohol and cereal malt beverage policy pertaining to the possession and consumption of alcoholic beverages at athletic facilities and events, by student organizations, and at specific non-classroom space on property under the control of the Kansas Board of Regents. Many individual components of K-State also have their own unique policies and procedures. For example, K-State Athletics has its own screening program for substance abuse for student athletes. Greek Affairs enforces its policy for dry rush and its 1991 joint Interfraternity Council/Panhellenic Council alcohol policy, adopted in September 1991. The Department of Housing and Dining Services also has special regulations for the nearly 4,000 students who live in the residence halls.
